

Ria Umahiya

Bengaluru, KA | +918888270525

riasu02@gmail.com

Software developer with **2.6 years** of experience in designing, developing and managing ETL solutions for various data sources, data warehouses and data marts. I have worked with a variety of extraction tools and technologies such as Informatica, Teradata with comprehensive knowledge of data system and programming languages such as **SQL/PLSQL**. Highly analytical and proficient in writing complex SQL queries with a good understanding of database design principles. I am highly organized and have excellent problem-solving skills using software development life cycle.

EXPERIENCE

[Carelou Global Solutions](#), Bangalore

August 2020 - Present

- Worked on **Oracle SQL** for data extraction and to obtain data with **EDWard** data warehouse for Elevance Health.
- Experienced in **designing** and **developing**, to implement **Extraction, Transformation, and Load** processes for manipulation of data from multiple sources.
- Proficient in using tools such as **Teradata** and **Informatica** to create and deploy large-scale ETL processes.
- Solid understanding of data warehouse **principles/concepts**, including **dimensional** modeling, **star schemas**, and **snowflake schemas**.
- Skilled in creating **Control-M** jobs and **monitoring** to populate data in the data warehouse environment.
- In-depth experience in writing **SQL queries** to **retrieve** and **analyze** data from various **datasets**.
- Proven ability to **troubleshoot, diagnose, and resolve** data integration issues.
- Proficient in designing source to target **mapping** and **workflows** to ensure **accuracy** of data.
- Proficient in creating and **maintaining documentation** of ETL processes with the ability to work **independently** on E2E Project development activities and in **team** environment.
- Assisted other ETL developers in **solving complex** scenarios and **coordinated** with source systems owners with day-to-day ETL **progress monitoring**.

EDUCATION

Bachelor of Engineering (B.E.) - Computer Science

May 2015 - Jun 2019

K.D.K College of Engineering, Nagpur

TECHNICAL SKILLS

Expert: Oracle SQL, Teradata, MS Excel, MS Word, MS Power Point, Communication.

Intermediate: Informatica Power Center, Unix/Linux Shell Scripting, Control – M, Teradata SQL client and Teradata Utilities, JIRA, Bit-Bucket, GIT, SNOW.

LICENSES & CERTIFICATIONS

[NoSQL and DBaaS](#)

[SQL and Relational Databases](#)

2019

HONORS & ACCOMPLISHMENTS

Edward Star Performer: Awarded as the star performer from the team in Edward for performing exceptionally well in delivering tasks.

2021

Legato Impact Award: Received impact award for the outstanding performance in the team for working on the tasks.

2022
